

## **Rural Waste Service Center Frequently Asked Questions**

**[www.LeonCountyFL.gov/RWSC](http://www.LeonCountyFL.gov/RWSC) or 606-1824**

### **Pay-Per-Use**

**Q** The fee structure is based on a tall kitchen garbage bag (13-gallon). I use a 35-gallon bag for waste, how will I be charged?

**A** The \$2 per bag applies to a 13-gallon bag. Should you use a larger bag such as 35-gallon you will be charged for two bags for a total of \$4.

**Q** My waste is not contained in a bag, how will I be charged?

**A** Waste is always encouraged to be bagged, however in this situation the Site Attendant will estimate the volume of garbage and equate that to an approximate number of bags.

**Q** I bag my waste using small grocery bags, how will I be charged?

**A** There is not an exact calculation for bags less than 13-gallons, however several small grocery bags would be estimated to equate to one tall kitchen garbage bag at \$2.

**Q** For the \$2 yard debris or 4\$ bulky items charge, how much can I bring in one visit?

**A** Prior guidelines for yard debris and bulky items remain in place which is one level pick-up truck load or the equivalent. No commercial loads or large trailers permitted.

**Q** My account reads "insufficient funds" what do I do?

**A** You may reload your account with the amount of funds you deem necessary. It is recommended to load in increments of 2 to at least cover the fee for a single bag of waste. The funds can be loaded to your account either onsite or online using a credit card, or at the Solid Waste Facility (7550 Apalachee Parkway) using cash or check.
